DAVID A. COLE
COMMISSIONER

May 21, 2010
Subject: **Supply Catch Basins**
Maine State PIN: 17108.00
Amendment No. 1

Dear Sir/Ms:

Make the following changes to the Bid Documents:

In the Bid Book (page 20), "Appendix A", **CHANGE** paragraph 2, to read as follows;
"Catch Basins 3, 6, 8, 10, and 12 will be delivered to MaineDOT Maintenance Lot located at 161 Metcalf Rd. Winthrop, Maine on or before June 4th, 2010, the remainder of the catch basins 14, 15A, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26 and 27 will be delivered to MaineDOT Maintenance Lot located at 161 Metcalf Rd. Winthrop, Maine by June 16th, 2010." Make this change in pen and ink.

The following questions have been received:

Question: Are cast iron frames and grates from India allowable for this project?

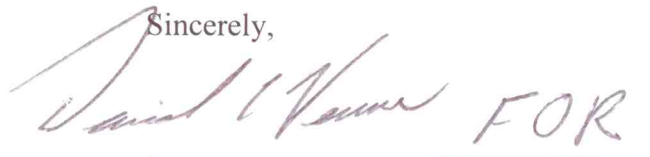

Response: Indian steel can be used, however the frame and grates must meet the requirements of State of Maine, Department of Transportation, Standard Specifications, Revision of December 2002 including, but not limited to Section 604 – Manholes, Inlets, and Catch Basins and Division 100, and Standard Details Revision of December 2002 including, but not limited to Section 604 as updated through advertisement, Supplemental Specifications, Special Provisions, Appendices and Contract.

Question: Is there any leeway on the June 4th delivery date. An additional 2 days would be helpful. You are requiring 9 structures with only 5 working days and 4 of those are non stock heights.

Response: Please see the above change.

Consider these changes and information prior to submitting your bid on May 26, 2010.

Sincerely,

Scott Bickford
Contracts & Specifications Engineer
